System for Award Management (SAM) Registration:

CAGE Code Number: All applicants must be registered on the SAM (formerly Central Contractor Registration/CCR) database. This is the repository for standard information about federal financial assistance applicants, recipients, and sub recipients. If you had an active CCR, you have an active record in SAM. Applicants must update or renew their SAM registration on an annual basis. Information to update your entity records can be accessed at <https://sam.gov/SAM/>.

On **April 4, 2022**, we no longer will use or request DUNS Numbers, as the federal government changed from the DUNS Number to the Unique Entity Identifier (UEI) (generated by SAM.gov). All entities doing business using federal funds will be required to have an active UEI number.

Unique Entity Identifier (UEI)

- The Unique Entity ID is a 12-character alphanumeric ID assigned to an entity by SAM.gov.
- As part of this transition, the DUNS Number has been removed from SAM.gov.
- Entity registration, searching, and data entry in SAM.gov now require use of the new Unique Entity ID.
- Existing registered entities can find their Unique Entity ID by following the steps [here](#).
- New entities can get their Unique Entity ID at SAM.gov and, if required, complete an entity registration.

DOJ cannot award funds until an agency has an active registration in SAM and is eligible to receive federal funds.

All expenses must be new and cannot replace existing state or local government funding. Substitution of existing funds with federal grants (supplanting) will be the subject of monitoring and audit. Violations may result in a range of penalties, including suspension of current and future funds under this program, suspension or debarment from federal grants, repayment of monies provided under a grant, and civil and/or criminal penalties.

Community-Oriented Policing House Planning Grant (2022)

The Wisconsin Department of Justice (DOJ) through its Bureau of Justice Programs (BJP) provides financial and technical assistance to public safety and criminal justice agencies throughout the state. As the state administering agency (SAA) for state and federal juvenile and criminal justice programs DOJ is responsible for establishing funding priorities, developing application criteria, awarding and disseminating grants, and assessing project achievements. This grant announcement provides information about a specific grant opportunity and instructions to help those eligible apply for a share of the available funds.

Program Description and Background

The Community-Oriented Policing (COP) House Program was created under 2021 Wisconsin Act 51 for the purpose of establishing community-oriented policing houses in Wisconsin communities. The program will be administered in two rounds of funding, the first will be to support planning activities to prepare a community for creating a COP House Program. The second round of funding will build on the planning phase by implementing a strategic plan developed by the applicant and acquiring a COP house in the community.

Through this first round of funding, eligible communities will utilize this funding opportunity to plan for the viability of creating a COP House Program. This will include a physical home located in a residential area that is staffed by law enforcement and other community partners. The planning grant funding can be utilized to pay for staff or contractors to conduct research, development of a strategic plan, partnership building activities, and the identification of housing for purchase.

Applicants for the planning grant should demonstrate a collaboration with local programs including other criminal justice partners, service providers, and community organizations through letters of commitment to support the planning phase of the grant. Those partners should be utilized to gather stakeholder input, assist with strategic planning, identifying housing options, and garnering community support.

Upon completion of the planning grant, a subsequent grant opportunity will become available in late 2022 for the eligible communities to implement their plan including purchasing a community-oriented policing house. It is estimated that a minimum of \$676,000 will be available in total to eligible communities. Agencies will only be eligible for the next round of funding if they can demonstrate at the end of this four-month planning period that they have an organized project work group to guide the effort, they have identified a property to purchase, and they have a strategic plan to guide future efforts to acquire and maintain the house. At the end of this planning grant, agencies who assess that they want to apply for funding to purchase a house will be asked to provide documentation to demonstrate they are ready for the next stage of the project. Documentation will include a membership list for a working group, letters of support and a strategic plan for implementing the COP House project.

1. Main Summary

This page asks for information about your agency and the individuals responsible for the application and grant award. There are many required fields on this page so if you encounter problems, please check online help by clicking the floating HELP button.

Please note: When identifying individuals involved in this grant, each responsible individual in this grant must be a different person.

- The Signatory is the highest elected official in municipality/government entity/organization. (For example, in a city it is the mayor, for counties it is the county executive or county board chair, and for non-profit agencies it is the executive director.)
- The Financial Officer is the individual at the applicant agency who is responsible for financial activities in your organization.
- The Project Director is an individual at the applicant agency who will oversee project operations.

If possible, we encourage the Project Director to list an alternate on the grant.

In the "Brief Project Description" text box, please describe your project in 150 words or less. A suggested format is included for your convenience:

“Funds will be used by the (your agency name and others involved in the project) to (describe what funds will be used for and who will be involved). The (what - equipment, training, project, pilot, etc.) will (describe the specific goals you hope to achieve – how will the project or equipment improve safety in Wisconsin?) [If appropriate, add which area(s) of the state will benefit.]”

2. Approval Checklist

Answer Yes or No to each question.

3. Performance Measures

Please open this section and change the page status to Complete; then SAVE the page. Performance Measures will be identified and collected during post-award reporting rather than through this funding application process.

For each category used, enter a justification that describes how the items in that category will be used during the course of the grant period. **It is important that you include specific details in the justification field for each budget line, including cost computation.**

Personnel: Provide salary information for non-contractual employees that will be funded through this grant, including overtime. List each position by title and name of employee, if available. Please review all of your grant award special conditions and Egrants reporting requirements when you receive the Grant Award documents. Your grant award will be subject to general terms and conditions as well as the following special conditions (and any others noted on your award documents).

Standard Special Conditions

1. Grant recipients are advised that DOJ will monitor grants to ensure that funds are expended for appropriate purposes and that recipients are complying with state and federal requirements as described in the grant award contract. This includes timely completion of progress and financial reports, active efforts to achieve and measure

stated goals and objectives, appropriate documentation of activities and outcomes, on-going submission of participant data, and adherence to any conditions included in the grant award.

2. All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.
3. The DOJ reserves the right to withhold grant payments if the grant recipient is delinquent paying any obligation to DOJ such as background check fees, etc. Refusal to provide information requested by DOJ may impact the payment of current or approval of future grant funds.
4. Please be advised that a hold may also be placed on any current or future application or grant payment if it is deemed that an agency is not in good standing on any DOJ grants or other reporting requirements, has other grants compliance issues (including being out of compliance with special conditions) that would make the applicant agency ineligible to receive future DOJ funding, failure to make progress in obtaining project goals and objectives, and/or is not cooperating with an ongoing DOJ grant review or audit.
5. A hold may also be placed on any application or grant payment if it is deemed that an agency is not in compliance with federal civil rights laws and/or is not cooperating with an ongoing federal civil rights investigation.
6. Program Income: To maintain consistent practices with other similar programs, and as a proven practice, projects funded under this announcement are subject to program income guidelines detailed in the federal Office of Justice Programs Financial Guide. Grant award funds received are **not** program income. Program income is income earned by the recipient, during the funding period, as a direct result of the award. Any fees charged to the participants of your project are considered program income. The amount earned as program income during the length of the grant period must be expended by the end of the grant period and must be used for the purposes and under the condition applicable to the award.
7. All procurement transactions, whether negotiated or competitively bid and without regard to dollar value, shall be conducted in a manner to provide maximum open and free competition.
8. If the grant award budget contains wages, the grantee's records must be maintained in a form that, at any given time, an auditor or DOJ representative would be able to identify the use of Federal and Matching funds. These records should include information such as employee name, rate of pay, hours worked, and amount of time dedicated to the grant project.
9. Grant recipients will be required to participate in monthly meetings with the Wisconsin Department of Justice to provide status updates on the progress of their planning grant.
10. If the grant recipient intends to apply for additional funding opportunities, they must submit a strategic plan for implementing a community-oriented policing house.
