## Grant Announcement Summary

**Program Area:** Criminal Justice

**Grant Title:** JAG EBDM Pretrial Pilot Sites Project (2021)

**Description:** Since 2014, the Wisconsin Criminal Justice Coordinating Council has been engaged in a planning and implementation project through the National Institute of Corrections (NIC) Evidence-Based Decision Making (EBDM) Initiative. NIC's EBDM initiative aims to apply "empirical knowledge and research-supported principles to justice system decisions made at the case, agency and system level and seeks to equip criminal justice local and state policymakers with the information, processes, and tools that will result in measurable reductions of pretrial misconduct, post-conviction reoffending, and other forms of community harm resulting from crime."

The State Criminal Justice Coordinating Council is working to implement the goals and initiatives identified during the planning process. The state's implementation plans are centered on three overarching goals for the criminal justice system: 1) increase public safety, reduce harm, and improve the quality of life; 2) promote fairness and equal treatment; and 3) use resources effectively. To advance these goals, the state team has developed a multi-faceted plan that will implement a variety of approaches at different decision points across the criminal justice system. These approaches and decision points include such things as creating or expanding pretrial or diversion programs, increasing the use of risk and needs assessments at different points in the system, piloting evidence-based strategies in local jurisdictions, and developing model policies and training programs for use across the state. Through this approach, the state team seeks to implement criminal justice improvements that have a true system-wide impact.

As part of these efforts, funding is available to local EBDM jurisdictions in Wisconsin to support pilot projects to develop a pretrial program designed to maximize public safety and court appearance while maximizing pretrial release. The pilot programs should utilize data and research to develop a model that can be tested and evaluated to determine its effectiveness, to potentially lead to replication in other counties.

## **Requirements for Federally Funded Grants:**

### **System for Award Management (SAM) Registration:**

**CAGE Code Number:** All applicants must be registered on the SAM (formerly Central Contractor Registration/CCR) database. This is the repository for standard information about federal financial assistance applicants, recipients, and sub recipients. If you had an active CCR, you have an active record in SAM. Applicants must update or renew their SAM registration on an annual basis. Information to update your entity records can be accessed at <https://sam.gov/SAM/>.

**Unique Entity Identifier (UEI):** All entities doing business using federal funds will be required to have an active UEI number.

- The Unique Entity ID is a 12-character alphanumeric ID assigned to an entity by SAM.gov.
- As part of this transition, the DUNS Number has been removed from SAM.gov.
- Entity registration, searching, and data entry in SAM.gov now require use of the new Unique Entity ID.
- Existing registered entities can find their Unique Entity ID by following the steps [here](#).
- New entities can get their Unique Entity ID at SAM.gov and, if required, complete an entity registration.

**DOJ cannot award funds until an agency has an active registration in SAM and is eligible to receive federal funds.**

**All expenses must be new and cannot replace existing state or local government funding.** Substitution of existing funds with federal grants (supplanting) will be the subject of monitoring and audit. Violations may result in a range of penalties, including suspension of current and future funds under this program, suspension or debarment from federal grants, repayment of monies provided under a grant, and civil and/or criminal penalties.

## **JAG EBDM Pretrial Pilot Sites Project (2021)**

The Wisconsin Department of Justice (DOJ) through its Bureau of Justice Programs (BJP) provides financial and technical assistance to public safety and criminal justice agencies throughout the state. As the state administering agency (SAA) for state and federal juvenile and criminal justice programs, DOJ is responsible for establishing funding priorities, developing application criteria, awarding and disseminating grants, and assessing project achievements. This grant announcement provides information about a specific grant opportunity and instructions to help those eligible apply for a share of the available funds.

### **Program Description and Background**

The Edward Byrne Memorial Justice Assistance Grant (JAG) Program is the primary provider of federal criminal justice funding to state and local jurisdictions. JAG funds support all components of the criminal justice system from multijurisdictional drug and gang task forces to crime prevention and domestic violence programs, courts, corrections, treatment, and justice information sharing initiatives. Through the EBDM planning efforts of the State Criminal Justice Coordinating Council, JAG funds have been allocated in support of the State EBDM Team's EBDM implementation goals, including the Pretrial Pilot program.

The proposed project will fund pretrial pilots in seven local EBDM sites, including Chippewa, Eau Claire, La Crosse, Marathon, Outagamie, Rock, and Waukesha Counties. Overall project oversight will be coordinated through the State Criminal Justice Coordinating Council's EBDM Subcommittee (EBDM State Policy Team) and the Wisconsin Department of Justice.

While each of the proposed local sites has differences, both in how their local criminal justice systems function, as well as the resources currently in place, through our planning efforts to date, our state team has developed the following guiding principles for this pilot program:

- a. Wisconsin's pretrial justice system should strive to maximize public safety and court appearance while maximizing pretrial release.
- b. Wisconsin's pretrial justice system should support the overall Wisconsin EBDM effort by utilizing data and research, as well as professional judgment based on comprehensive case-specific information, to:
  - i. promote fairness and equal treatment: A pretrial justice system that is fair is not based on ability to pay but instead is based on the equal assessment of objective factors relevant to public safety and court appearance.
  - ii. increase public safety, reduce harm, and improve quality of life: A pretrial justice system that reduces harm protects the public from those who pose a danger to the community, while reducing the detention of those whose risk to public safety may actually be increased as a result of pretrial detention.
  - iii. use resources effectively: A pretrial justice system that uses resources effectively reserves expensive jail resources for those who pose a danger to public safety or are unlikely to appear in court and utilizes non-detention-based interventions (e.g., mental health/substance abuse

services, court reminder system, pretrial services) for those who can be safely managed in the community.

In addition, the pretrial pilot sites will operate a risk-informed pretrial justice system that incorporates a validated pretrial risk assessment tool.

- Pretrial pilot sites, ideally, will assess all individuals (in or out of custody) who are subject to bail for a criminal offense.
- At a minimum, pretrial pilot sites will assess all individuals booked into jail and subject to a pretrial release/detention decision by a judicial officer.
- All pilot sites will use the Public Safety Assessment (PSA) risk assessment tool.<sup>1</sup> Pilot sites may use additional screening or assessment tools as they determine appropriate (i.e., supplemental tools to assess substance abuse, mental health; a secondary risk assessment tool).

Throughout this project, the pilot counties will actively participate in the cross-site effort to utilize common definitions and to collect and analyze data in order to establish baseline information about pre-pilot pretrial practices, and the impact of the pilot projects on a variety of outcomes. The data collection will be informed by existing research and data collection guidelines.

### **Submit Applications Using Egrants**

## **Application Components**

Through Egrants, you will provide DOJ with detailed information about your project that will be used to make a funding decision. Questions on what is expected in each section can be directed to Phil Zell at (608) 630-1235 or at [zellpkh@doj.state.wi.us](mailto:zellpkh@doj.state.wi.us).

**Please note: Attachments should only be included in this grant application where specifically requested in section instructions.**

### **1. Main Summary**

This page asks for information about your agency and the individuals responsible for the application and grant award. There are many required fields on this page so if you encounter problems, please check online help by clicking the floating HELP button.

Please note: When identifying individuals involved in this grant, each responsible individual in this grant must be a different person.

- The Signatory is the highest elected official in the municipality/government entity/organization. (For example, in a city it is the mayor, for counties it is the county executive or county board chair, and for non-profit agencies it is the executive director.)
- The Financial Officer is the individual at the applicant agency who is responsible for financial activities in your organization.
- The Project Director is an individual at the applicant agency who will oversee project operations.
- An Alternate Contact may be added to the application. This person is one that can and should access the application to complete required tasks such as modifications and reports, in the absence of the Project Director. This person should have knowledge of the project and authority to speak on behalf of the organization in the absence of the Project Director. If possible, we encourage the Project Director to list an alternate on the grant.

In the "Brief Project Description" text box, please describe your project in 150 words or less. A suggested format is included for your convenience:

"Funds will be used by the (your agency name and others involved in the project) to (describe what funds will be used for and who will be involved). The (what - equipment, training, project, pilot, etc.) will (describe the specific goals you hope to achieve – how will the project or equipment improve safety in Wisconsin?) [If appropriate, add which area(s) of the state will benefit.]"

Responses to this section will be used on the DOJ website, cited in DOJ reports and could be mentioned in press releases. Plain language that clearly describes the intent of the project is most effective.

### **2. Approval Checklist**

Answer Yes or No to each question.

### 3. Performance Measures

Please open this section and change the page status to Complete; then SAVE the page. Performance Measures will be identified and collected during post-award reporting rather than through this funding application process).

Please note: Performance measures specific to the JAG program have been developed by the federal Bureau of Justice Assistance (BJA). Applicants selected for grant awards will be required to report on these new measures on a quarterly basis in the web-based Performance Measurement Tool (PMT) developed by BJA.

### 4. Budget Detail

Complete a project budget using the following categories. For each category used, enter a justification that describes how the items in that category will be used during the course of the grant period. **It is important that you include specific details in the justification field for each budget line, including cost computation.**

Personnel: Provide salary information for non-contractual employees that will be funded through this grant, including overtime. List each position by title and name of employee, if available. Show the annual salary rate and the percentage of time/number of hours to be devoted to the project. Compensation paid for employees engaged in grant activities must be consistent with that paid for similar work within the applicant organization. Only personnel costs of the agency applying for the grant funds should be included under “personnel.” Example for computation line: \$25/hr. x 2080 hr. = \$52,000. When entering this into the amount text box please round up to the nearest dollar.

Employee Benefits: Employee benefits for grant-funded personnel include FICA, Unemployment Compensation, Health Insurance, etc. and amounts budgeted should be based on actual known costs or an established formula. Employee benefits are for the personnel listed in the budget and only for the percentage of time/number of hours devoted to the project. Employee benefits on overtime hours are limited to FICA, Workers’ Compensation, and Unemployment Compensation. Example for computation line: \$79,539 1.0 FTE salary x 43% fringe rate = \$34,202. When entering this into the amount text box please round up to the nearest dollar.

**Note: Gift cards are not an allowable expense under this award. Transportation vouchers are an allowable expense under this award.**

(Please note: Costs will only be reimbursed for services occurring within the project period. If the total cost goes beyond the project end date or starts prior to the start date (ex: annual subscription costs), those costs will need to be prorated).

Consultants/Contractual: Provide costs associated with individuals or entities providing services through a contractual arrangement. With the exception of a few justified sole source situations, contracts should be awarded via competitive processes. Attach detailed information to support the total cost of each contract. ### **Post-Award Special Conditions/Reporting Requirements**

If you are awarded funds under this announcement, you will be required to provide regular progress reports. The schedule for your reports will be included in your grant award materials.

Please review all of your grant award special conditions and Egrants reporting requirements when you receive the Grant Award documents. Your grant award will be subject to general terms and conditions as well as the following special conditions (and any others noted on your award documents).

### Standard Special Conditions

1. Grant recipients are advised that DOJ will monitor grants to ensure that funds are expended for appropriate purposes and that recipients are complying with state and federal requirements as described in the grant award contract. This includes timely completion of progress and financial reports, active efforts to achieve and measure stated goals and objectives, appropriate documentation of activities and outcomes, on-going submission of participant data, and adherence to any conditions included in the grant award.
2. All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.
3. The DOJ reserves the right to withhold grant payments if the grant recipient is delinquent paying any obligation to DOJ such as background check fees, etc. Refusal to provide information requested by DOJ may impact the payment of current or approval of future grant funds.
4. Please be advised that a hold may also be placed on any current or future application or grant payment if it is deemed that an agency is not in good standing on any DOJ grants or other reporting requirements, has other grants compliance issues (including being out of compliance with special conditions) that would make the applicant agency ineligible to receive future DOJ funding, failure to make progress in obtaining project goals and objectives, and/or is not cooperating with an ongoing DOJ grant review or audit.
5. A hold may also be placed on any application or grant payment if it is deemed that an agency is not in compliance with federal civil rights laws and/or is not cooperating with an ongoing federal civil rights investigation.
6. Program Income: To maintain consistent practices with other similar programs, and as a proven practice, projects funded under this announcement are subject to program income guidelines detailed in the federal Office of Justice Programs Financial Guide. Grant award funds received are **not** program income. Program income is income earned by the recipient, during the funding period, as a direct result of the award. Any

fees charged to the participants of your project are considered program income. The amount earned as program income during the length of the grant period must be expended by the end of the grant period and must be used for the purposes and under the condition applicable to the award.

7. All procurement transactions, whether negotiated or competitively bid and without regard to dollar value, shall be conducted in a manner to provide maximum open and free competition.
8. If the grant award budget contains wages, the grantee's records must be maintained in a form that, at any given time, an auditor or DOJ representative would be able to identify the use of Federal and Matching funds. These records should include information such as employee name, rate of pay, hours worked, and amount of time dedicated to the grant project.
9. Award funds will be used to supplement, not supplant, planned or allocated funds.
10. To be allowable under a grant program, all funds (state, federal, and cash match) must be obligated (purchase order issued) or paid for services provided during the grant period. If obligated by the end of the grant period, payment must be made within 30 days of the grant period ending date.
11. All budget changes require prior approval from DOJ and must be requested in a grant modification via Egrants.
12. Subgrantees acknowledge that failure to submit an acceptable Equal Employment Opportunity Plan (if required to submit one pursuant to 28 CFR 42.302) that is approved by the Federal Office of Civil Rights, is a violation of its Certified Assurances and may result in the suspension of the grant.
13. Grant funds will be paid to grantee on a reimbursement basis.
14. Any changes in personnel involved with the grant including the Project Director, Financial Officer, and/or Signatory must be reported to DOJ in a grant modification via Egrants.
15. Fees for independent consultants may not exceed the federal rate of \$650 per eight-hour day unless prior approval is received from DOJ.
16. Reimbursement for travel (i.e. mileage, meals and lodging) is limited to state rates.
17. Recipient fully understands that DOJ has the right to suspend or terminate grant funds to any recipient that fails to conform to the requirements (special/general conditions and general operating policies) or that fails to comply with the terms and conditions of its grant award.
18. All contracts pertaining to this grant must be submitted to DOJ within 30 days of receipt of Grant Award Documents.
19. If the grant award contains equipment, a request for reimbursement should only be submitted once the equipment is installed and testing has been completed.

20. Positions funded by this grant must have a position description. Submit the position description and name of employee in Egrants within the Monitoring Section under Project Document Attachment.
21. The recipient agrees to cooperate with WI DOJ monitoring to ensure compliance of US DOJ Grants guidelines, Financial Guide, and OJP guidelines, protocols and procedures. Recipient agrees to cooperate with WI DOJ (including the Program Contact, Fiscal Contact, Grants Specialist Monitor, Supervisors, and/or Administration) for this award, including requests related to desk reviews and/or onsite/virtual visits. The recipient agrees to provide to WI DOJ all documentation necessary for WI DOJ to complete the monitoring tasks, including documentation related to any subawards made under this award. Further, the recipient agrees to abide by reasonable deadlines set out by WI DOJ for providing the requested documents. Failure to cooperate with WI DOJ monitoring activities may result in actions that affect the recipient's WI DOJ awards, including, but not limited to: withholding and/or other restrictions on the recipients access to award funds, referral to the WI DOJ designation of High Risk grantees, or terminate of an award(s).

Additional guidance relating to publication and printing costs is set out in DOJ Grants Financial Guide under section III, 3.9 Allowable Costs, and in the Code of Federal Regulations (CFR) 2 C.F.R. § 200.461, 2 C.F.R. § 200.315 and Chapter 3.7.
