Description: This program provides funding to Wisconsin county agencies, tribal governments and agencies, any unit of local government, and nonprofit organizations to conduct an evaluation study on an existing program serving youth at-risk of or currently involved in the juvenile justice. The evaluation study must analyze the program's impact on recidivism, whether there are different outcomes for program objectives for participating youth of any race and ethnicity, and if so, what factors contributed to the disparate outcomes.

Opportunity Category: Competitive, scored.

Requirements for Federally Funded Grants:

System for Award Management (SAM) Registration:

CAGE Code Number: All applicants must be registered on the SAM (formerly Central Contractor Registration/CCR) database. This is the repository for standard information about federal financial assistance applicants, recipients, and sub recipients. If you had an active CCR, you have an active record in SAM. Applicants must update or renew their SAM

registration on an annual basis. Information to update your entity records can be accessed at <https://sam.gov/SAM/>.

On **April 4, 2022**, we no longer will use or request DUNS Numbers, as the federal government changed from the DUNS Number to the Unique Entity Identifier (UEI) (generated by SAM.gov). All entities doing business using federal funds will be required to have an active UEI number.

Unique Entity Identifier (UEI)

- The Unique Entity ID is a 12-character alphanumeric ID assigned to an entity by SAM.gov.
- As part of this transition, the DUNS Number has been removed from SAM.gov.
- Entity registration, searching, and data entry in SAM.gov now require use of the new Unique Entity ID.
- Existing registered entities can find their Unique Entity ID by following the steps [here](#).
- New entities can get their Unique Entity ID at SAM.gov and, if required, complete an entity registration.

DOJ cannot award funds until an agency has an active registration in SAM and is eligible to receive federal funds.

All expenses must be new and cannot replace existing state or local government funding. Substitution of existing funds with federal grants (supplanting) will be the subject of monitoring and audit. Violations may result in a range of penalties, including suspension of current and future funds under this program, suspension or debarment from federal grants, repayment of monies provided under a grant, and civil and/or criminal penalties.

JJ Formula: Racial and Ethnic Disparities Reduction – FY2019 (2023)

The Wisconsin Department of Justice (DOJ) through its Bureau of Justice Programs (BJP) provides financial and technical assistance to public safety and criminal justice agencies throughout the state. As the state administering agency (SAA) for state and federal juvenile and criminal justice programs DOJ is responsible for establishing funding priorities, developing application criteria, awarding, and disseminating grants, and assessing project achievements. This grant announcement provides information about a specific grant opportunity and instructions to help those eligible apply for a share of the available funds.

Program Description and Background

The Office of Juvenile Justice and Delinquency Prevention (OJJDP) awards Wisconsin DOJ Title II Formula grant funding based on state compliance with the core requirements of the federal Juvenile Justice and Delinquency Prevention Act (JJDP). These funds are administered by the Wisconsin DOJ, in partnership with the Governor's Juvenile Justice Commission (GJJC), under specified Purpose Areas, as required by OJJDP.

This funding opportunity is associated with the Racial and Ethnic Disparities (R/ED) Purpose Area. Funding from this opportunity will support programs, research or other initiatives primarily to address the disproportionate number of youth members of minority groups who come into contact with the juvenile justice system.

Numerous programs exist to prevent youth from engaging in delinquent behaviors and to intervene with youth who are currently involved in the juvenile justice system. However, Wisconsin youth of certain races and ethnicities have higher likelihood than others of encountering and progressing deeper into Wisconsin's juvenile justice system. Disparities exist at several points of contact in Wisconsin's juvenile justice system – arrest, diversion, secure confinement, and transfers to adult court. Black youth and Native American youth were more likely than white youth to be arrested, placed in secure confinement, and waived to adult court while also less likely to be diverted away from court petition after referral. As such, there is an opportunity to improve Wisconsin communities' ability to provide effective prevention and intervention services to youth, regardless of their race or ethnicity. Reducing these disparities requires specific strategies that address both the causes of disparities, mediate the disparate negative outcomes experienced by youth of color, and ensure that youth are served equitable and effectively, regardless of their race or ethnicity.

This program provides funding to organizations to conduct a program evaluation study on an existing program that serves at risk or justice involved youth. The evaluation study must analyze the program's impact on delinquency,¹ whether the program has met program-specific goals and objectives, whether there are different outcomes for program objectives for participating youth depending on their race and ethnicity, and if so, what factors contributed to the disparate outcomes. The evaluation will measure the program's ability to provide equitable treatment and outcomes for youth of all races and ethnicities participating in the program, and whether it has met program-specific goals and objectives.

¹ This can include preventing at-risk youth from offending, reducing youth's likelihood of reoffending, or receiving another arrest, youth justice referral, or adjudication for a status or delinquent offense. Applicants will be asked to include their program's definition of delinquency or recidivism for the purpose of the evaluation.

Programs eligible for evaluation can include but are not limited to: mentoring programs, restorative justice programs, family therapies, wraparound support programs, or an Indian tribe's cultural youth behavioral intervention.

Any proposed program evaluation study must analyze the program's impact on the intended outcomes of the program on delinquency risk and protective factors, such as reducing recidivism, increasing pro-social behavior and attitudes, increasing school attendance or grades, or improving family relationships. The evaluation should analyze the program's effects on different participating youth race and ethnicity populations (e.g., is the program more/less/equally effective at reducing recidivism for Black, Native American, Asian, or Hispanic youth as it is at reducing recidivism for white youth). Applicants must "measure the direction and size of a change in outcome and the extent to which a change may be attributed to the activity or intervention. The methodology of the evaluation should rule out, to the extent possible, alternative explanations for the documented change." Applicants proposing a program evaluation study are encouraged to develop working partnerships with an external evaluator, such as a university research department, to conduct the evaluation.

The GJJC has established several priority areas for providing services to youth and improving the juvenile justice system. Applicants that incorporate the following focus areas into their programs will be scored higher:

- Serve youth in rural communities. For determination of rural status please search your area [here](#).
- Provide gender specific services, including those who identify as Lesbian, Gay, Bisexual, and Transgender (LGBT).
- Provide alternatives to detention for status offenders, survivors of commercial sexual exploitation, and others, where appropriate, such as home-based or community-based services or treatment for those youth in need of mental health, substance abuse, or co-occurring disorder services at the time such juveniles first come into contact with the juvenile justice system.
- Strengthen the families of delinquent and other youth to prevent juvenile delinquency. This includes involving relatives and extended family members when appropriate, and providing family counseling during incarceration of juvenile family members and coordination of family services when appropriate and feasible.

All programs must serve youth ages 10-16 years old.

Successful applicants will be expected to submit data on specific and relevant state and OJJDP performance measures. A complete copy of all possible OJJDP performance measures can be found through the OJJDP Title II Program Performance Measures [Definitions and Questions document](#). Please contact the grant program staff with any questions regarding performance measures.

Application Components

Through Egrants, you will provide DOJ with detailed information about your project that will be used to make a funding decision. Questions on what is expected in each section can be directed to Kiley Komro at (608) 716-9185 or at Komrokr@doj.state.wi.us.

Please note: Attachments should only be included in this grant application where specifically requested in section instructions.

1. Main Summary

This page asks for information about your agency and the individuals responsible for the application and grant award. There are many required fields on this page so if you encounter problems, please check online help by clicking the floating HELP button.

Please note: When identifying individuals involved in this grant, each responsible individual in this grant must be a different person.

- The Signatory is the highest elected official in municipality/government entity/organization. (For example, in a city it is the mayor, for counties it is the county executive or county board chair, and for non-profit agencies it is the executive director.)
- The Financial Officer is the individual at the applicant agency who is responsible for financial activities in your organization.
- The Project Director is an individual at the applicant agency who will oversee project operations.
- An Alternate Contact may be added to the application. This person is one that can and should access the application to complete required tasks such as modifications and reports, in the absence of the Project Director. This person should have knowledge of the project and authority to speak on behalf of the organization in the absence of the Project Director. If possible, we encourage the Project Director to list an alternate on the grant.

In the "Brief Project Description" text box, please describe your project in 150 words or less. A suggested format is included for your convenience:

"Funds will be used by the (your agency name and others involved in the project) to (describe what funds will be used for and who will be involved). The (what -

equipment, training, project, pilot, etc.) will (describe the specific goals you hope to achieve – how will the project improve safety, improve juvenile accountability or competence, or reduce disparities in Wisconsin?) [If appropriate, add which area(s) of the state will benefit.]”

Responses to this section will be used on the DOJ website, cited in DOJ reports and could be mentioned in press releases. Plain language that clearly describes the intent of the project is most effective.

2. Approval Checklist

Answer Yes or No to each question.

3. Performance Measures

If awarded a grant, you will be required to report your progress against pre-established targets. In your application, please establish benchmarks against the measures given. You will report progress against these benchmarks in your quarterly reports. If no measures are displayed, mark the section “Complete” and “Save.”

4. Budget Detail (3 points)

Complete a project budget using the following categories. For each category used, enter a justification that describes how the items in that category will be used during the course of the grant period. **It is important that you include specific details in the justification field for each budget line, including cost computation.**

Paying for food from US Department of Justice funds is no longer allowed or strict limitations apply as of Oct. 2011. Food for clients being served by the program is the only time prior approval is not needed. Please consult your grant manager prior to submitting this application for clarification and for prior approval.

Personnel: Provide salary information for non-contractual employees that will be funded through this grant, including overtime. List each position by title and name of employee, if available. Show the annual salary rate and the percentage of time/number of hours to be devoted to the project. Only personnel costs of the agency applying for the grant funds should be included under “personnel.” Example for computation line: \$25/hr. x 2080 hr. = \$52,000. When entering this into the amount text box please round up to the nearest dollar.

Employee Benefits: Employee benefits for grant-funded personnel include FICA, Unemployment Compensation, Health Insurance, etc. and amounts budgeted should be based on actual known costs or an established formula. Employee benefits are for the personnel listed in the budget and only for the percentage of time/number of hours devoted to the project. Employee benefits on overtime hours are limited to FICA, Workers’ Compensation, and Unemployment Compensation. Example for computation line: \$79,539 1.0 FTE salary x 43% fringe rate = \$34,202. When entering this into the amount text box please round up to the nearest dollar.

Travel/Training:

Application Review and Award Criteria

All applications must be submitted on or before 11:59 pm on the deadline and will be screened for completeness and compliance with the instructions provided in this announcement. - Project Narrative (15 points)
- Goals and Objectives (6 points)

Although the point values will be assigned as shown above, applications will only be considered if all the indicated sections (1-8) are submitted.

The review ratings and any resulting rankings or recommendations are advisory. In addition to review ratings, consideration may be given to factors such as whether the program incorporates GJJC priority focus areas (2 points), and available funding. Once ranked, the applications will be submitted to the Attorney General for further review and comment. Depending on resources, grants will be funded in the final ranked order until grant funds are exhausted. Each grant must satisfy the basic criteria set out above. Grant applicants will be contacted if more information is needed to clarify elements of their proposal, and grant reviewers may suggest amendments to applications. All final grant award decisions will be made by the Attorney General.

Award Information

Upon application approval, the applicant agency's project director will receive signed grant award documents within approximately 30 days via email. The grant award documents will explain the total funding amount, approved budget by category, performance period, and fiscal and program reporting requirements and deadlines. Grant expenditures will be reimbursed when signed award documents have been received by DOJ, spending and grant activity is documented in proper reports and reimbursement requests are submitted to DOJ.

Post-Award Special Conditions/Reporting Requirements

If you are awarded funds under this announcement, you will be required to provide regular progress reports. The schedule for your reports will be included in your grant award materials.

Please review all of your grant award special conditions and Egrants reporting requirements when you receive the Grant Award documents. Your grant award will be subject to general terms and conditions as well as the following special conditions (and any others noted on your award documents).

1. Grant recipients are also advised that DOJ will monitor grants to ensure that funds are expended for appropriate purposes and that recipients are complying with state and federal requirements as described in the grant award contract. This includes timely completion of progress and financial reports, active efforts to achieve and measure stated goals and objectives, appropriate documentation of activities and outcomes, on-going submission of participant data, and adherence to any conditions included in the grant award.
2. All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.
3. The DOJ reserves the right to withhold grant payments if the grant recipient is delinquent paying any obligation to DOJ such as background check fees, etc. Refusal to

provide information requested by DOJ may impact the payment of current or approval of future grant funds.

4. Please be advised that a hold may also be placed on any current or future application or grant payment if it is deemed that an agency is not in good standing on any DOJ grants or other reporting requirements, has other grants compliance issues (including being out of compliance with special conditions) that would make the applicant agency ineligible to receive future DOJ funding, failure to make progress in obtaining project goals and objectives, and/or is not cooperating with an ongoing DOJ grant review or audit.
5. A hold may also be placed on any application or grant payment if it is deemed that an agency is not in compliance with federal civil rights laws and/or is not cooperating with an ongoing federal civil rights investigation.
6. Program Income: To maintain consistent practices with other similar programs, and as a proven practice, projects funded under this announcement are subject to program income guidelines detailed in the federal Office of Justice Programs Financial Guide. Grant award funds received are **not** program income. Program income is income earned by the recipient, during the funding period, as a direct result of the award. Any fees charged to the participants of your project are considered program income. The amount earned as program income during the length of the grant period must be expended by the end of the grant period and must be used for the purposes and under the condition applicable to the award.
7. All procurement transactions, whether negotiated or competitively bid and without regard to dollar value, shall be conducted in a manner to provide maximum open and free competition.
8. If the grant award budget contains wages, the grantee's records must be maintained in a form that, at any given time, an auditor or DOJ representative would be able to identify the use of Federal and Matching funds. These records should include information such as employee name, rate of pay, hours worked, and amount of time dedicated to the grant project.
9. Recipients of awards under this funding announcement for which the purpose of some or all the activities is to directly benefit a set of individuals under 18 years of age as determined at time of application, must make determinations of suitability, and submit the required form to WI DOJ before certain individuals may interact with participating minors. Determinations must be made for all individuals who may interact with participating minors. This requirement applies regardless of an individual's employment status with the recipient organization and can include (but not limited to) employees of the recipient agency, consultants, contractors, employees of a contractor, trainees, volunteers, teachers, or mentors. For full details of this special condition visit the OJP web site at <https://www.ojp.gov/funding/explore/interact-minors>.
10. Reimbursement of cost will be contingent on submission of a roster which must contain event name, dates, attendee name, and agency affiliation. The roster along with copies of paid invoices must be uploaded to the Egrants Fiscal Report within the Monitoring

Section. Any event lasting more than one day, must have a roster for each day of the event.

11. Programs that use gift cards, tokens, vouchers, or other similar items as incentives to participants must develop a policy defining how the use of those items will be tracked in order to ensure proper and limited usage. The policy must require that subgrantee complete and update an incentive tracking log that contains, at a minimum, the following information: gift card/token/voucher type, gift card/token/voucher number or Identifying Information, staff person's name, participant's initials, date the item was given to participant, value of the gift card/token/voucher, and purpose of the incentive. The policy must also address the security of purchased items, for example where they will be stored and who will have access to them. Upload the incentive policy under Project Document Attachments under the Monitoring section within Egrants. The tracking log will be uploaded in Egrants Fiscal Report within the Monitoring Section each reporting period. All gift cards, tokens, vouchers, or other similar items must be purchased and distributed prior to the end of the grant performance period.
12. Positions funded by this grant must have a position description. Submit the position description and name of employee in Egrants within the Monitoring Section under Project Document Attachment.

Determination of Suitability Special Condition Applicability Form

A Determination of Suitability is required, in advance, for certain individuals who may interact with participating minors.¹ The subrecipient agency must not permit covered individuals to interact with any participating minor in the course of activities under the award before a written determination of suitability has been made.

The following form will be used to determine if the proposed program is subject to this condition. Please complete this form and attach it to the Agency Profile section of your application.

Subrecipient Agency:

Grant Application #:

Project Title:

Date:

Project Director:

1. Does your proposed program involve individuals under 18 years of age participating in program activities (participating minors)?
2. Do any proposed grant-funded activities include adult individuals, regardless of employment status, interacting with participating minors (other than the individuals' own children)?
3. Are the adults interacting with youth due to grant funding? For example, grant funds pay for overtime, fund a new employee/position, pay to recruit new mentors, fund a contractor or employee of a contracted agency to provide therapy or mentoring to a minor etc. Answer "NO" if adults are interacting with youth during normal organizational operations for example, teachers during normal school hours.
4. Will the interaction between adults and participating minors include in person or electronic (or similar) physical contact, oral and written communication, and/or the transmission of images and sound?

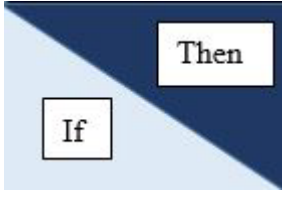

¹ Details of this requirement are posted on the OJP website at <https://ojp.gov/funding/Explore/Interact-Minors.htm>

- a. Will the interaction be brief contact that is both unexpected by the recipient (or subrecipient) and unintentional on the part of the covered individual -- such as might occur when a postal carrier delivers mail to an administrative office?
- b. Personally-accompanied contact -- that is, infrequent or occasional contact (for example, by someone who comes to make a presentation) in the presence of an accompanying adult, pursuant to written policies and procedures of the recipient (or subrecipient) that are designed to ensure that -- throughout the contact -- an appropriate adult who has been determined to be suitable pursuant to this condition will closely and personally accompany, and remain continuously within view and earshot of, the covered individual.

Definitions

1. "Covered individual" means any individual (other than a participating minor, as defined in this condition, or a client of the recipient (or subrecipient)) who is expected, or reasonably likely, to interact with any participating minor (other than the individual's own minor children). A covered individual need not have any particular employment status or legal relationship with the recipient (or subrecipient). Such an individual might be an employee of a recipient (or subrecipient), but also might be (for example) a consultant, contractor, employee of a contractor, trainee, volunteer, or teacher.
2. "Participating minor." All individuals under 18 years of age within the set of individuals described in the scope section of this condition as it appears on the award document are participating minors.
3. "Interaction" includes physical contact, oral and written communication, and the transmission of images and sound, and may be in person or by electronic (or similar) means. But "interaction" does not include—
 - a. brief contact that is both unexpected by the recipient (or subrecipient) and unintentional on the part of the covered individual -- such as might occur when a postal carrier delivers mail to an administrative office.
 - b. personally-accompanied contact -- that is, infrequent or occasional contact (for example, by someone who comes to make a presentation) in the presence of an accompanying adult, pursuant to written policies and procedures of the recipient (or subrecipient) that are designed to ensure that -- throughout the contact -- an appropriate adult who has been determined to be suitable pursuant to this condition will closely and personally accompany, and remain continuously within view and earshot of, the covered individual.
4. "Activities under the award." Whether paid for with federal funds from the award, "matching" funds included in the OJP-approved budget for the award, or "program income" for the award as defined by the (DOJ) Part 200 Uniform Requirements), activities under the award include both—
 - a. activities carried out under the award by the recipient (or subrecipient); and
 - b. actions taken by an entity or individual pursuant to a procurement contract under the award or to a procurement contract under a subaward at any tier.
