Naloxone Rebate Instructions

On February 1, 2016, Attorney General Brad Schimel and Amphastar Pharmaceuticals, Inc., manufacturer of naloxone, entered into an agreement in which Amphastar will provide a $6 rebate to public entities in Wisconsin for the heroin and prescription opioid antidote from now until February 1, 2017. A copy of the agreement can be found here:

Eligibility
- Non-federal, Wisconsin government agencies are eligible to receive rebate payments. This includes state, county, and local government agencies.
- Entities that purchase naloxone manufactured by Amphastar Pharmaceuticals, Inc. from a wholesale distributor or other third party are also eligible for the rebate.
- In the event that one eligible public entity purchases syringes and then sells them to another public entity, only the last purchaser is eligible to receive the rebate.
- Only purchases of Amphastar-manufactured naloxone syringes made between February 1, 2016, and February 1, 2017, are eligible for the rebate payment.
- Rebate requests can only be submitted for Amphastar-manufactured naloxone syringes; the additional components of a naloxone kit (e.g., nasal aspirator) are not a part of the agreement.

Submission Requirements
- A qualifying entity will submit to Amphastar a written accounting certifying the number of naloxone syringes during a given quarter, within 60 days of the conclusion of the quarter using the following forms:
  - Amphastar Pharmaceuticals, Inc. Account Form
    - Please include entity information, as well as mailing/remittance address.
  - Naloxone Purchase Summary
    - Please include the total number of syringes purchased during the quarter for which reimbursement is being requested.
    - Ensure the date of purchase falls within the dates listed on the Naloxone Purchase Summary form, or your request will not be processed.
- A qualifying entity will also submit to Amphastar paid invoices, receipts, or other reasonably adequate documentation of the number of syringes purchased.
  - Please include the item or National Drug Code number to verify the syringes were manufactured by Amphastar Pharmaceuticals, Inc.
- The ends of each quarter are as follows: April 30, July 30, October 30, January 30

Rebate Reimbursement Information
- Amphastar will pay the total accrued payment amount to the submitting entity within 90 business days of receipt of the request.
- In the event more than 10 distinct public entities in Wisconsin submit a request to Amphastar in a given quarter, Amphastar will consolidate all requests and submit to the Wisconsin Department of Justice (DOJ). DOJ will submit the consolidated request on behalf of all entities and disburse payments to the entities after receiving payment from Amphastar.
