## WISCONSIN DOMESTIC ABUSE DATA - NATIONAL AND LOCAL RESOURCES

### THE NATIONAL DOMESTIC VIOLENCE HOTLINE

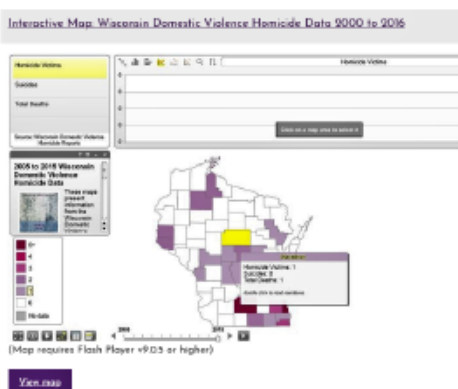

### THEHOTLINE.ORG

The National Domestic Violence HOTLINE publishes data in the form of State & Territory Reports.

Each year, The Hotline shares state and territory-specific data with government and coalition partners in an effort to foster collaboration across the field and best inform future policy and practice.

The Hotline provides more than a listening ear. Check out our lists of resources for victims and survivors, as well as the facts about domestic violence in the United States.

### END DOMESTIC ABUSE WISCONSIN: THE WI COALITION AGAINST DOMESTIC VIOLENCE

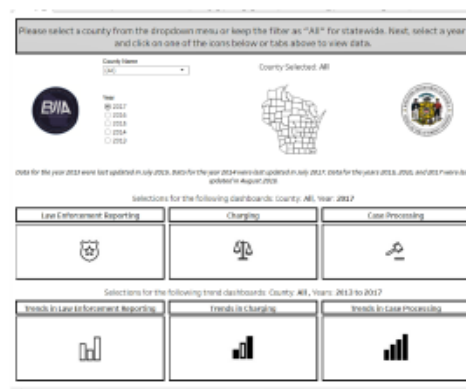

### ENDABUSEWI.ORG

These interactive maps present information from the Wisconsin Domestic Violence Homicide Reports from 2005 to 2017. When viewing the annual data, double clicking on a county will take you to the narrative descriptions of the incidents from that particular county for that year.

Since 2000, End Domestic Abuse Wisconsin (WCADV) has been researching, documenting and publishing an annual report detailing domestic violence-related homicides in Wisconsin. In doing so, our intent is to honor the victims and survivors of domestic violence homicide.

### WI DOJ - BUREAU OF JUSTICE INFORMATION & ANALYSIS

### WI DOJ - BJIA

Under Wis. Stat. § 968.075 (9), district attorneys are required to annually report domestic abuse law enforcement responses, arrests, prosecutions, and convictions to the Wisconsin Department of Justice.

Results of the analysis are presented on the Tableau® dashboards. The dashboards are divided into three primary areas: law enforcement reporting, charging, and case processing. Additional information about definitions is located below the dashboard and the counting methodology is linked on the dashboards. The data presented on the dashboards is dynamic and subject to change, even for data reported from previous years, as BJIA receives annual updates provided by DA IT.

To learn more about the Wisconsin Department of Justice, Bureau of Justice Information & Analysis, please visit their [webpage](#). Domestic Abuse Data can be found here: <https://www.doj.state.wi.us/dles/bjia/domestic-abuse-data>. ## Scholarship Applications

OCVS is pleased to announce the return of VOCA training scholarship funds. Individuals providing direct victim services are eligible to apply for scholarships to off-set the cost of training opportunities.

*\*You do not need to be a VOCA funded agency to apply for training scholarship funds.\**

Applications for scholarships will be evaluated based on need, geographic diversity, type of opportunity, and availability of existing agency training funds. Other agency training funds should be used first, if available.

Reimbursement may be provided for:

- registration fees
- travel (including state rate mileage)
- lodging (at the allowable state rates)

*\*\*Scholarships cannot cover meal and per diem expenses\*\**

Scholarships will NOT be available for events that are already being funded through our office through training grants. A list of ineligible events, more information, and the application for funds can be found here:

# *budget modifications*

## **VOCA Budget Modifications Due by 11:59pm on August 31.**

### **Important Modification Reminders:**

- All VOCA Budget Modifications are due in Egrants by 11:59pm on August 31.
- No late modifications will be accepted.
- Modifications are not retroactive.
- For any new positions included in the budget modification, please attach a position description under the Monitoring section in Egrants.
- If your agency has more than one grant or subgrant from OCVS, be sure to submit a modification for each grant if needed (VAWA SASP, VAWA STOP, SAVS, or VOCA).
- Instructions on how to submit a budget modification can be found: <https://www.doj.state.wi.us/sites/default/files/ocvs/not-victim/egrants-modification-instructions.pdf>
- Upon successful submission of a modification, the Project Director should get a system generated email from Egrants that a modification has been submitted.

### **Common Budget Modification Mistakes or Reasons for Modification Returns**

- Insufficient justification of requested modification.
  - Please use the area for justification of requested modification to explain to OCVS staff why the modification is necessary.
  - Please note that “updating budget for current expenditures” is not sufficient.
  - OCVS will consider:
    - Was there a change in project scope?
    - Why were the changes made?
    - Do the changes make sense to best serve victim needs?
    - Are the changes reasonable and allowable?
- Funds were removed from a line item(s) for which subgrantee was already reimbursed.
  - Please consider the most recent fiscal report when submitting your modification.
    - Will the modification remove funds from a line item for which the agency was already reimbursed (such as a position line item, even if the position was vacant for a portion of the grant)?
    - Will the modification reduce funds from a line item that will cause the agency to be over budget for the line item?
- Overall federal funds were increased or match was decreased.

Wisconsin Forensic Interview Guidelines Training  
**Monday October 21<sup>st</sup> – Friday October 25<sup>th</sup>**  
Sturgeon Bay Police Department  
Sturgeon Bay, WI

SPONSORED BY WISCONSIN DEPARTMENT OF JUSTICE – CHILDREN'S JUSTICE ACT

### Description of Training

This five-day, interactive program is designed to introduce participants to the Wisconsin Forensic Interview Guidelines. Learners will develop forensic interview skills by increasing their knowledge of the process of disclosure, the impact of language and development, effects of trauma, and question strategies that contribute to dynamics of memories and suggestibility. Learners will also engage in practice opportunities for conducting developmentally appropriate forensic interviews of child alleged as child abuse victims or children who have witnessed abuse or violence. All content will be reflected in the concept that forensic interviews have the purpose of gathering accurate information from children about events they experience.

**PLEASE NOTE:** Due to space being limited, not all applicants will be accepted. This training will be conducted regionally across the state up to 4 times per year. Because of limited space, we often limit the training to two individuals per county per training.

### Program Goal and Outcomes

The goal of the program is to provide training in legally sound forensic interview approaches that are child-centered. As a result of the program, learners will be able to:

- Apply developmentally and culturally appropriate techniques in forensic interviews of children who are alleged as victims and/or witnesses of abuse and/or violence.
- Employ interview strategies that maximize accurate information from children and minimize the impact of the interviews on children.
- Utilize legally sound interview techniques appropriate for use in court testimony.

### Target Audience

The program is specifically designed for professionals who seek to enhance their ability to conduct forensic interviews of children and adolescents. These professionals can include, but are not limited to, forensic interview specialists, law enforcement officers, child protective service workers, and juvenile justice personnel. This training also has value to members of the multidisciplinary team (MDT) who observe forensic interviews or who conduct child abuse investigations. Although the purpose of this training is skill development, MDT members who complete the training will be more aware of the forensic interview process and will understand how the forensic interview guides other investigative activities and prosecution. In addition, MDT members who complete this course will more fully understand forensic interviewing and will hopefully engage in the observation of forensic interviews in a way that is knowledgeable and supportive of best practices. Those who should apply and will be given priority

## OCVS Grants Team

### Emily Zernick – OCVS Summer Intern

I am the intern this summer through the Summer Affirmative Action Internship Program working with OCVS. I will be a senior this year at UW. I am majoring in social work, with an emphasis on criminal justice, so this internship has been a really good fit and a great learning experience so far! In my free time I like to travel, cook, and spend time with family and friends. I am happy to be here!

### Daphne Van Veen-Koch – OCVS Grants Support Specialist

My name is Daphne, I'm excited to join OCVS as a Grants Support Specialist. I recently graduated with a Bachelor's degree from Willamette University in Salem, Oregon. I majored in Civic Communications and Media Studies, which I used as an opportunity to study how sexual violence is discussed in the public sphere, and how this discussion shapes perceptions of sexual violence. I also have a background in victim services work, having served as a confidential peer advocate at my school. This work inspired me to conceptualize, plan, and successfully implement a prevention committee against sexual violence on campus. I'm passionate about prevention work, and am especially excited about grant work. In my free time I like to ride my bike, try new restaurants in Madison, and watch crime documentaries.
