A message to all OCVS funded programs:

As you all try to manage the daily evolution of this crisis, we at OCVS want you to know that we have your back. Under the best of circumstances, you all have some of the hardest jobs there are; we understand that these times of uncertainty make your jobs even harder. Please focus on what your agency needs to stay safe and what services will look like for your clients. Please do not stress about modifications, updating policies, or match waivers right now. We will get to all of that in the coming weeks. Our office will continue to work to ensure payments are made and questions are answered. Grants staff will be participating on all End Domestic Abuse WI and WCASA calls this week. And we are always available to answer questions as they come up.

Thank you for the work you do every day to help survivors and victims of crime.
