Egrants Issues

Recently we have been experiencing an influx of issues with Egrants' fiscal reports where entered values cannot be changed. For example, if you accidentally enter an amount into the wrong line item and click "save", you may not be able to correct the error. In some cases, your Grant Specialist is not able to adjust this amount either, requiring the issue to be brought to the Egrants support team. This could potentially delay the approval process for your fiscal reports. Therefore, we ask you to take special precaution to ensure all amounts entered into your fiscal report are accurate before clicking the save button. The Egrants support team will continue to investigate, monitor, and work to resolve these issues.
