July 21, 2016

To Whom This May Concern:

In response to public records requests received by the Wisconsin Department of Justice (DOJ), a copy of DOJ's Division of Criminal Investigation (DCI) investigative case file for DCI's investigation into the June 15, 2016 shooting by Marinette County Sheriff's Department Deputies Lance Lincoln, Jesse Parker and Brett West which resulted in the death of Michael D. Rasmussen, has been prepared for release.

The DCI case in question is **16-3646: Marinette County OID**. That investigative case file has been reviewed in preparation for public release, and a copy of the case file reports has been made available online on the Wisconsin Department of Justice's website at www.doj.state.wi.us/dci/officer-involved-critical-incident. Access to copies of related photographs, audio recordings and video recordings may be obtained by contacting DOJ Communications Director Johnny Koremenos at koremenosj@doj.state.wi.us.

Certain information has been redacted from the records, either because specifically required by law or pursuant to the Wis. Stat. § 19.35(1)(a) balancing test. These redactions are described below. In addition, I have been mindful in preparing these records for release that the purpose of the Wisconsin public records law is to shed light on the workings of government and the acts of public officers and employees in their official capacities. *Building and Constr. Trades Council v. Waunakee Comm. Sch. Dist.*, 221 Wis. 2d 575, 582, 585 N.W.2d 726 (Ct. App. 1998).

Well-established public policy recognizes the privacy rights of a deceased person's surviving loved ones. Cf. *National Archives and Records Admin. v. Favish*, 541 U.S. 157, 168, 171-72 (2004). In preparing these records for release, I applied the Wis. Stat. § 19.35(1)(a) public records balancing test and determined that the public interest in treating surviving loved ones of the deceased with respect for their privacy and dignity outweighs any legitimate public interest in disclosure of the following information:

- Graphic images of Michael Rasmussen taken at the scene of the incident.
- Autopsy photos of Mr. Rasmussen.
- A list of medications prescribed to Mr. Rasmussen.

- Anecdotal details regarding Mr. Rasmussen's personal medical and mental health history.
- Audio of the notification of Mr. Rasmussen's phone number and name of his surviving father.

In performing the balancing test, I determined that the public interest in protecting the privacy of Mr. Rasmussen's family, and in facilitating cooperation with law enforcement in sensitive investigations, also outweighs any public interest in disclosure of the described records. *Cf. Linzmeyer v. Forcey*, 2002 WI 84, ¶ 38, 254 Wis. 2d 306, 646 N.W.2d 811.

In preparing these records for release, I also determined by application of the public records balancing test that the public interest in protecting the ability of law enforcement to gather information when conducting sensitive investigations and in protecting the privacy of citizens involved in those investigations outweighs any legitimate public interest in disclosure of identifying information that could identify witnesses and other individuals referenced by witnesses. *Cf. Wis. Stat. § 19.31; Linzmeyer*, 2002 WI 84, ¶¶ 30, 32, 39, 41. Due to the sensitive and sometimes controversial nature of officer-involved shooting incidents, public disclosure of the full names and other identifying information for individuals interviewed or mentioned during interviews could expose these individuals to unwanted public scrutiny, criticism, or pressure from outside sources, which could have a chilling effect on future witnesses' willingness to come forward and cooperate with law enforcement in investigations of similar incidents. Accordingly, the following information has been redacted from the records prepared for release:

- Names of adult witnesses, family members and others mentioned by individuals interviewed or in related records.
- Other information that would identify the above individuals.

Dates of birth, home addresses, home and personal cell telephone numbers and signatures for these individuals have been redacted, along with information regarding places and/or hours of work.

- Audio and video recordings of witness interviews.

In performing the balancing test, I determined that the public interest in avoiding unnecessary intrusion into the personal lives of persons collaterally mentioned in a law enforcement report outweighs any legitimate public interest in information about the conduct of governmental affairs. Furthermore, I determined that the public interest in protecting the privacy of these individuals, and in facilitating cooperation with law enforcement in sensitive investigations, also outweighs any public interest in disclosure of this described information. *Cf. Linzmeyer*, 254 Wis. 2d 306, ¶ 38.

In addition to the overall redactions set forth thus far, certain other specific types of redactions have been made from the records prior to public release, for the reasons explained below.

Birthdates and driver's license numbers of individual persons have been redacted to protect against identity theft or other unauthorized use following any subsequent disclosure. In performing the public records balancing test pursuant to Wis. Stat. § 19.35(1)(a), I concluded that the public policy in favor of protecting the confidentiality of this economically valuable individually identifiable information and preventing its misuse upon any subsequent disclosure outweighs any public interest in disclosure of the dates of birth and driver's license numbers of individual persons.

Home addresses, home telephone numbers and personal cell telephone numbers have been redacted pursuant to the Wis. Stat. § 19.35(1)(a) balancing test. In performing the balancing test, I determined that the public interest in disclosure of this information is outweighed by the public interest in the expectation of privacy on the part of individuals in their personal lives and in protecting the sources of law enforcement information and in encouraging citizens to cooperate with law enforcement investigators without undue concern that their private lives will become public matters. *Cf. Linzmeyer*, 254 Wis. 2d 306, ¶¶ 31-32.

Direct telephone numbers assigned to specific law enforcement officers have been redacted pursuant to the Wis. Stat. § 19.35(1)(a) balancing test because these numbers are not made public and must remain confidential. In applying the public records balancing test to these phone numbers, I concluded that the strong public interest in effective investigation and prosecution of criminal activity outweighs any public interest in disclosure of these direct telephone numbers of law enforcement officers. Allowing the direct telephone numbers of law enforcement officers to become publicly known would have an adverse effect on the officers' future ability to investigate criminal activity because the phones are used for undercover calls and other investigative business where it is essential to prevent a caller from recognizing the number as belonging to law enforcement in order to protect the safety of law enforcement personnel, informants and others involved in an investigation. *Cf. Linzmeyer*, 254 Wis. 2d 306, ¶¶ 30, 32, 39. General use, publicly available telephone numbers for the law enforcement agencies involved have not been redacted from the records.

Specific information identifying routine shifts worked by law enforcement officers has been redacted pursuant to the Wis. Stat. § 19.35(1)(a) balancing test in the interest of preserving the safety of the officers, the officers' families, and the officers' homes. In performing the balancing test, I determined that the public interest in protecting the security of the officers, the officers' families, and the officers' homes outweighs any public interest in information regarding their routine shifts.

Crime Lab records have been redacted pursuant to Wis. Stat. § 165.79(1) and (2), with the exception of Crime Lab records documenting Crime Scene Response Team (CSRT) activity at the scene, which are exempt from the statutory restrictions governing release of Crime Lab analysis documentation. In accordance with Wis. Stat. § 165.79(1) and (2), information present within DCI case reports that discloses what analyses were performed by the Crime Lab and the results of those analyses also has been redacted from the records prior to release.

DCI report number **16-3646/21** documents the Autopsy Findings for Michael Rasmussen, provided by the Fond Du Lac County Medical Examiner's Office. The DCI report has been included with the released records; however, the attached records, provided by the medical examiner's office, have been wholly redacted from the release. Those records were provided to DOJ by the Fond Du Lac County Medical Examiner's Office on the condition that the reports would not be shared with any person outside the criminal investigation, and the medical examiner's office would not provide the reports to DOJ without DOJ's agreement to those conditions. In performing the public records balancing test pursuant to Wis. Stat. § 19.35(1)(a), I determined there is a public interest in honoring the conditions under which the medical examiner's reports were provided to DOJ and in cooperating with the medical examiner's office so as to encourage the current and future joint law enforcement efforts of our agencies. To not honor the conditions by disclosing the reports would preclude future record-sharing and significantly impair cooperative law enforcement efforts between DOJ and the Fond Du Lac County Medical Examiner's Office. I concluded that the public interest in effective investigation of crime and effective law enforcement, which is furthered by honoring the conditions under which the Fond Du Lac County Medical Examiner's Office provided the reports to DOJ, outweighs any public interest in disclosure by DOJ of the report. *Cf. Linzmeyer*, 254 Wis. 2d 306, ¶¶ 30, 32, 39. An excerpt from the medical examiner's records, quoted within DCI report number **16-3646/21**, has been redacted for the same reasons. If desired, the medical examiner's records may be requested directly from the Fond Du Lac County Medical Examiner's Office records custodian.

Information about confidential law enforcement equipment, including specific information regarding technical vehicle specifications, has been redacted to preserve the effectiveness of that confidential equipment. I determined that public disclosure would undermine law enforcement's ability to use that equipment effectively to investigate criminal activity and would threaten the safety of law enforcement officers. I concluded that the public interest in the ability of law enforcement to use that equipment effectively and in the safety of law enforcement officers outweighs the disclosure of information regarding law enforcement techniques and equipment. Wis. Stat. § 19.31; *cf. Linzmeyer*, 254 Wis. 2d 306, ¶¶ 30, 32, 39, 41.

DCI report number **16-3646/35** contains numerous photographs taken during a walk-through of the shooting scene. The photographs were electronically attached to the report. The photos appear in the identical manner as they were attached to the report, and were not manipulated in any way for inclusion in the public records release.

The law permits DOJ to impose fees for certain "actual, necessary and direct" costs associated with responding to public records requests. Wis. Stat. § 19.35(3). Pursuant to Wis. Stat. § 19.35(3)(f), DOJ may require prepayment for the costs of locating (if applicable), copying and mailing the requested records if the total amount exceeds \$5.00. Pursuant to Wis. Stat. § 19.35(3)(e), in this instance, DOJ is waiving its fees, and therefore, the records are being made available online at this time without any payment required.

Page 5

Pursuant to Wis. Stat. § 19.35(4)(b), this determination is subject to review by mandamus under Wis. Stat. § 19.37(1) or upon application to a district attorney or the Attorney General.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul M. Ferguson", with a long horizontal flourish extending to the right.

Paul M. Ferguson
Assistant Attorney General
Office of Open Government
