On Wednesday, April 30, 2014, the Milwaukee Police Department was involved in an Officer Involved Shooting incident resulting in the death of Dontre Hamilton at Red Arrow Park, 920 N. Milwaukee Police Department detectives were directed to file interview reports of the 12 critical witnesses and the interview of P.O. Manney.

A grid search of the area was conducted for the purpose of locating and identifying all items of evidence within the scene. Milwaukee Police Department detectives were directed to collect and package the items of evidence to include fired cartridge casings, spent bullets and bullet fragments, personal property of Dontre Hamilton and any other items of evidence located, including the wooden baton taken from P.O. Manney.

WI DOJ-DCI Special Agent Peters accompanied the body of Dontre Hamilton from the scene to the medical examiner’s office and witnessed initial documentation of Mr. Hamilton by
Milwaukee County Medical Examiner’s office personnel until Mr. Hamilton was secured at that location.

At the conclusion of the investigative efforts in the late evening hours of April 30, 2014, the Milwaukee Police Department Major Crimes Division was directed to continue contact with witnesses, canvass of businesses and contact with the family of Mr. Hamilton regarding this incident.

On May 1, 2014, WI DOJ-DCI Special Agent Koehler was assigned to attend the autopsy of Dontre Hamilton at the medical examiner’s office. Daily briefings were held at the Milwaukee Police Department Major Crimes Unit with a WI DOJ-DCI SAC or SA at the beginning and end of each shift through the following Monday, May 5, 2014. Milwaukee Police Department personnel were again directed to continue to complete the canvass of the businesses in the direct vicinity of this incident.

The WI DOJ-DCI obtained a complete copy of all reports generated in this investigation by the Milwaukee Police Department. The reports of interviews of the critical witnesses were assigned for review to lead investigator SA Hernandez and secondary investigator SA Tijerino, who conducted the interviews. The reports were reviewed for accuracy and content and compared against the recordings of the interviews and the agent’s recollection. Any discrepancies were noted on a DCI report. The reports were reviewed for accuracy and content. Any discrepancies were noted on a DCI report. The reports of video surveillance obtained were reviewed by SA Hernandez, including viewing the surveillance video and comparing that to the written report for accuracy and content. The results of that review were documented on a DCI report. The scene investigation report was reviewed by SA Peters who was assigned to the scene. The report was reviewed for accuracy and content. Any discrepancies were noted on a DCI report. The autopsy report was reviewed by SA Koehler who attended the autopsy. The report was reviewed for accuracy and content.
